

1970S MID CENTURY TETRAD NUCLEUS MODULAR BROWN LEATHER LOUNGE CHAIR

SKU: GD1410

£0.00

A well presented 1970s Tetrad Nucleus (1st edition) Leather Chair in a dark brown leather, sitting on a heavy chrome base.

A well respected brand, these iconic chairs continue to be popular and make a strong design statement to any interior design scheme.

A couple of historic repairs to the leather with some wear and patina but overall a great looking piece of original 70s style.

Two seater modular sofa also available - please ask for details.
