

7FT LONG SANDSTONE GARDEN BENCH

SKU: GD1228

£0.00

A large sandstone garden bench constructed from reclaimed sandstone, dating to 1860.

The large 7ft long sandstone has a smoothly dressed edge on one side and a roughly cut edge the other. The large sandstone flag sits on two short pillars which feature the original Stonemason's chisel marks that shaped these over a 160 year ago.

Note: Due to the size and weight of this item, this will need to be professionally installed by a Landscape Gardener or Builder using mortar to securely fix the pieces in place and an adequate foundation to hold the weight.

Please note that the overall height is as stated but the finished installed height would be

reduced to allow the sandstone to be bedded into the ground.
