

## A PAIR OF MID CENTURY FRENCH WALNUT BEDSIDE TABLES | NIGHTSTANDS

SKU: GD1561

A well presented pair of classic French mid century bedside tables in Walnut and Beech.

A characterful, sturdy matching pair in a good order with lovely detailing and craftsmanship.

Single drawer with brass handles, and lower shelf offering good storage space.

In good original condition, some heavy signs of old woodworm but this adds to the overall character of the pieces and the worn patina. A lovely warm tone to the wood.
