

## ART DECO ARMCHAIR IN A CLASSIC RED REXINE

**SKU:** GD1229

A classic Art Deco armchair .

A great shape, finished in red rexine cloth - a classic British material used in British car manufacturing from the 1920s, its a hardwearing material with a leatherette grain finish.

Overall the chair is in good condition, the seat cover is original with a new foam cushion insert.  
The chair seat is sprung with a generous give.

Would make a nice decorative piece in the corner of a room or reading chair.
