

BELFAST SINK ON CAST IRON PEDESTAL

SKU: GD1136

£0.00

We love nothing more than good architectural salvage, here we have two separate items we salvaged. Firstly a Belfast Sink manufactured in 1963, in good condition with some age related wear and some small scuffs. It houses its original chrome brass strainer.

The Cast Iron Pedestal is much earlier, circa 1910, all in its original paint and original brass bolts which hold the frame together. The pedestal is nicely proportioned with tapered legs ending with a lovely bobbin detail.

ADDITIONAL INFORMATION

Dimensions
