

## TRIANGLE ROAD SIGN

SKU: GD1081

**£0.00**

An early 20th century cast aluminium triangle hazard road sign made by Gowshall Ltd, Birmingham, England.

These cast aluminium road signs replaced cast iron and were used from circa 1930's. This example is one of the best we've seen with the red reflectors still in very good condition,

the piece retains much of the original red paintwork and other colours are also visible where it has been painted over the years. We originally thought it would make a nice wall piece but when we discovered the copper detailing on the back of the piece we felt it had to be on display so we made a heavy steel stand in-keeping with the piece itself.

Base size = W12.5cm (5") x D10cm (4") x H1.2cm (1/2")

### **ADDITIONAL INFORMATION**
