

**FRENCH EMPIRE CARVED SANDSTONE ACANTHUS LEAF PLINTHS WITH GLASS TOP
CONSOLE TABLE**

SKU: GD1369

£0.00

A beautifully carved pair of 19th Century sandstone plinths with later Glass Top. The sandstone plinths are French, Circa 1820, a matching pair with large acanthus leaf and scroll detailing in a pilaster corbel form. A decorative pair, some weathering to the sandstone but with good definition and great texture that can only be achieved with natural stone.

The later toughened glass top has been added to give the piece a contemporary use as a console table. A natural piece with style and opulence. As shown, the plinths are free standing and can be placed in various configuration to suit individual taste.

Each Plinth Measures - H76cm (30") x W36cm (14") x D21cm (8 1/4")

ADDITIONAL INFORMATION

Dimensions

H77 x W130cm x D35cm / H30.5" x W51.5" x D14"
