

FRENCH TAMBOUR OAK FILING CABINET STORAGE LECTERN - DELIVERY INCLUDED

SKU: GD1556

Part of our Barnfind Collection: An early 20th century front roll filing cabinet. 9 drawers that slide out which take A4 papers. Has a tilt top / lectern.

Made of a solid oak construction.

The tambour door is in perfect working order but is missing the lock. The lock is needed to keep the tambour door closed. Otherwise all in good order with drawer working.

Condition Note: Our Barnfind collection consist of salvaged items that have been found during our extensive road-trips, some pieces we find are not always suitable for our main collection but are still worthy of a good home. It may also be the case that some of the items listed are waiting for restoration but this provides an opportunity for clients to find pieces barn fresh and carry out their own restoration. Please note that the items listed under our Barnfind collection have not been cleaned or prepared for use therefore please expect that they will need some dusting off and cleaning. Where possible, if there is any obvious damage or repair needed we will add this

in the description and photos but please note that these are barn fresh and may need some level of restoration.

Delivery: Price of £285 includes free UK mainland delivery.
