

LURASHELL TELSTAR ROCKING CHAIR

SKU: GD1045

£2,950.00

A rare Lurashell Telstar Rocker with its original cover (commonly referred to as 'Gemini' rocking chair).

Lurashell became known in the 1960's for producing futuristic designs using innovative Fibreglas shells, many designs of this period were designed by Walter S.Chenery and reflect the space-age vibe of the era.

This example comes with a copy of the original receipt dated 1967. It's unmistakable design still looks and feels fantastic even 50 years on.

The chair is fitted with new foam but retains its original, rare to find, cover.

The teak base has some age related wear but is in very good condition.

For reference 'photo 12' shows an extract from Lurashell's catalog of the period.
