

## A MID CENTURY 1960S SWIVEL EGG CHAIR IN BROWN FAUX LEATHER

SKU: GD1488

**£0.00**

A mid century 1960s swivel egg armchair in a dark reddish brown faux leather.

Button back removable seat and backrest cushion in very good original condition. The chair sits on a satin chrome metal base which still retains all four black nylon plastic feet. Swivel action works smoothly with no wobble or excess wear.

Apart from a few indentation marks to the back of the chair (as photographed), the chair is in remarkable condition with hardly any wear. A good sized chair, not too bulky so will easily fit in a smaller space if needed. Very comfortable with good back, head and side support.

Seat Height = 42cm / 16.5"
