

**MID CENTURY MAHOGANY AND RATTAN SQUARE CUBE INDOOR PLANTER
JARDINIÈRE STAND**

SKU: GD1532

£0.00

A Mahogany (Sapele) and Rattan, square shaped indoor planter jardinière stand.

A good quality, well made piece, moulded detailing to the top and base with rattan panels to the sides. Finished in a lovely rich mahogany colour with contrasting Rattan. The piece is designed to hold a plant pot off the ground, it has four internal legs to hold a plant pot up 13cm off the ground (these could be altered to suit a deeper pot).

The internal size is: H27cm x W34cm x D34cm

In excellent sound condition, has some wear marks to the wood and rattan but overall a good mid-century piece.
