A superb original Mid Century Dining table by Robert Heritage for Archie Shine. One of the best examples we've seen with a truly wonderful veneer pattern. The table has four sizable drawers equally spaced around the table, all with round recessed handles. Solid rosewood reeded/fluted panels sit in-between the drawers giving the piece a wonderful texture. Table sits on a central column leg with three slayed legs.

The table is in excellent condition, there is no damage to the veneer and is in beautiful condition, drawers are dovetail jointed and in good working order.

The table comfortably sits 6 people.
