

NO.7 JAPANESE CHESTNUT BISTRO DINING TABLE IN BLACK EBONISED FINISH

SKU: N/A

The No.7 two person dining table is made from solid Japanese Chestnut and finished in a wonderful black ebonised lustre. The table works well as window table or a small bistro table and can be combined with the No.7 chair to create an intimate dining atmosphere.

History of No.7 Chair

In 1920, HIDA began making furniture utilizing beech wood from the rich forests of Hida, where the traditions of bending wood became an integral part of furniture making, often utilizing discarded wood. To celebrate its 100 year anniversary, HIDA reissued the original chair No.7 chair from 100 years ago and its design is as relevant today and it was then.
