SKU: GD1373

£1,750.00

A lovely old European box settle in original cream paint. An early example made from solid pine, probably an old farmhouse or Shepherds bench with lift up lid for storage.

In it's original rustic paint, it boasts a wonderful worn look with the old pine timber showing through. The back panel has a simple design with vertical symmetrical pattern. Nicely shaped, carved arms, standing on solid square legs. In very good solid condition, the bench has undergone a thorough inspection and is ready to use.

Seat Height = 47cm / 18.5", Seat Depth = 49cm / 19"

A solidly made piece in very good original condition. The piece has been cleaned and is ready to use.
