

**ROSEWOOD SIDEBOARD - BY SKOVBY**

**SKU:** GD1050

**£0.00**

A lovely Danish mid-century rosewood sideboard by Skovby.

In good original condition, the top has some Sun faded patches and a scratch as shown photographed, these could be French Polished but with decorative items on the sideboard they would hardly be noticeable hence why we have left it untouched.

As with all Skovby furniture, the doors feature matching grain.

A large piece with useful storage.
