

A STYLISH 1960S MID CENTURY BUTTON HANDLED TEAK SIDEBOARD | 6 DRAWER CREDENZA

SKU: GD1560

A small but stylish 1960s mid century sideboard, has a great look with central pair of wide drawers flanked by narrower drawers, drawer fronts feature large solid teak wood button handles in a contrasting tone which really gives the piece its distinctive look.

Stands on T formation legs, finished in a darker teakwood tone that gives the piece a wonderful stance,

Good amount of storage with 6 practical sized drawer and all in good working order. The piece is in excellent condition throughout, a couple of small marks on some of the edges (as pictured) but these are not really noticeable. The piece has a strong overall design and would make a lovely statement piece.
