

PIEFF KADIA SUITE

SKU: GD1141

£0.00

An original 1970s Pieff Kadia three piece suite in excellent order. Designed by Tim Bates, its a timeless piece that can fit any stylish interior.

This suite is one of the best we've seen, the Dark Brown leather is in very good condition, a few age related scuff and marks but overall in truly great condition, the chrome has a fantastic lustre and is almost showroom condition. The suite retains its original leather covers under the cushions which protect the cushion seats from rubbing against the metal parts (these are often lost and cause the cushions to fray on the underside)

Would prefer to keep the suite complete but would consider splitting - please enquire,
